

Nicholls & Clarke Glass Ltd

Registered office: 41-51 Freshwater Road, Chadwell Heath, Romford, RM8 1SP

Basic soda lime silicate glass, intended to be used in buildings and construction works.	
Manufactured into Hermetically sealed insulating glass unit. Of 6.4/16/6.4 inner pane 6.4mm Laminated Clear / 6.4 Laminated White Diffused Glass outside pane	
Resistance to Fire	NPD
Reaction to Fire	NPD
External Fire Performance	NPD
Bullet Resistance	NPD
Burglar Resistance	NPD
Resistance against sudden temperature changes and Temperature differentials	NPD
Wind, Snow, Permanent and imposed load resistance.	24mm
Direct Airborne sound insulation,	NPD
Thermal Properties with Argon 90% filled cavity	NPD
Thermal Properties with Air filled cavity	2.7 Wm2K
Radiation Properties:	
Light Transmittance t_l / Reflectance l_{ri}/l_{rt}	0.58/0.15
Solar Transmittance t_s / Reflectance r_e	0.47/0.12
g value	0.57
