

Eco-Lite™

# Triple Glazing

Tomorrow's Solution, Today

Improved energy performance and thermal efficiency for the ultimate in comfort and safety, whilst contributing to a healthier environment

London - Fareham

With a U-Value as low as 0.6, N&C Eco-Lite™ Triple Glazing Units help to keep homes warmer during the Winter and cooler in the Summer months. It is the perfect solution for improved Window Energy Ratings (WER) to achieve the maximum in energy savings, resulting in the sheer comfort through the elimination of draughts and cold spots.
